Detailed description of project							Type and scope of services provided	
<p>The overall objective of this project is to support the implementation of the sustainable reform of the justice sector in Moldova and to increase the efficiency of the judiciary and other agencies in the justice sector. This objective corresponds to the overall objective of the ENPI Annual Action Plan 2011 for the Moldovan justice sector.</p> <p>The project has a fivefold purpose:</p> <ul style="list-style-type: none"> To increase the efficiency, impartiality, accountability and transparency of the courts in Moldova, particularly in the context of the reforms proposed in the Justice Sector Reform Strategy (JSRS) and Action Plan; To help ensure that the judiciary is a real guarantor of the observance of human rights and security for every person in the course of litigation procedure; To help in application of best practices to reduce the level of judicial corruption and increase public trust in the judiciary; To improve efficiency in courts' budget, including by supporting the implementation of optimization of courts' displacement map and allocation of judges and court staff per courts; To develop the capacity of the judicial institutions to take ownership of the information, IT, video and audio-recording systems, to further improve data management generated by the courts. <p>The direct beneficiaries of the project are various institutions and professions involved in judicial tasks and administration of justice: court administrators, senior officials and staff of the courts, the Superior Council of Magistracy, the Supreme Court of Justice and the Department of Judicial Administration of the Ministry of Justice, as well as judges. Other indirect beneficiaries, however, include any person or entity who becomes involved with the justice system, as lawyers, offenders or victims, plaintiffs or defendants, as well as the general public at large and all citizens and non-citizens who depend on the rule of law to protect their own and their family's person and property, human and civil rights.</p> <p>This project aims to help implement certain parts of the Justice Sector Reform Strategy and Action Plan 2011-2016 of the Republic of Moldova, with the overall underlying objective of building an accessible, efficient, independent, transparent, and professional justice sector, and the particular aim to increase the efficiency, impartiality, accountability and transparency of the courts in Moldova. Our intervention fully acknowledges the commitment and also the already achieved progress of the Moldovan authorities in implementing the JSRS and understands the project as a tailored contribution to the fulfilment of this strategy.</p>							<ul style="list-style-type: none"> Recruiting and contracting of short term expertise, including pre-mission briefings and quality control Provision of access to relevant additional expertise and supporting professional resource base; Assistance in local logistics Project monitoring Support in organising the study visit Supporting IRZ with provision of backstopping services Organisational support during the inception phase Input to and fulfilment of reporting requirements; Internal monitoring and evaluation; Guaranteeing a timely and flexible reaction to manage emerging problems and/or delays; Ensuring the timely submission of all reports and financial statements, as required by the ToR. <p>CILC staff consisted of a Senior Project manager (30 working days), Project officer (60 working days).
