Detailed description of project				Type and scope of services provided				
<p>The mission of the Structural Reform Support Service (SRSS) of the European Commission is to provide support for the preparation and implementation of growth-enhancing administrative and structural reforms by mobilising EU funds and technical expertise. Slovenia has requested support from the European Commission under Regulation (EU) 2017/825 on the establishment of the Structural Reform Support Programme ("SRSP Regulation"). The European Commission has selected CILC to provide technical support to Slovenia in the area of judicial reform with two main purposes:</p> <ul style="list-style-type: none"> - Supporting the digitalisation of the business environment of the State Attorney's Office (SAO) and, - Improving the efficiency and quality at the public prosecutor's office (PPO) by improving the case management system. <p>The specific objectives of this Action are:</p> <ul style="list-style-type: none"> ☑ to support the SAO in enhancing their capacity to formulate, develop and implement reform policies and strategies regarding digitalisation and in pursuing an integrated approach ensuring consistency between its goals and means and serving the interest of the public actors they represent, ☑ to support the efforts of the SAO to define and implement appropriate processes and methodologies by considering good practices of and lessons learned by other EU Member States in addressing similar situations, ☑ to facilitate and support networking and strengthening of cooperation between the SAO and various stakeholders through active communication, information exchange and experience sharing to harmonise different approaches to and different sides of common problems, ☑ to support The Office of the State Prosecutor General to define and implement more efficient case/caseload management methods by using good practices of and lessons learned by other EU Member States in addressing similar situations, ☑ to support the Office of the State Prosecutor General in organising efficient management and optimised allocation of human resources at Expert Information Centre. 				<p>Advisory services:</p> <p>SAO Component :</p> <ul style="list-style-type: none"> • to assist in developing an ICT strategy for the SAO, including a global design of the process and guidelines for the digitalisation of the SAO • to collect, exchange and disseminate knowledge and experiences from good practices and lessons learned in EU Member States related to the digitisation of SAO and alike • to collect academic publications related to the digitisation of State Attorney Offices and alike, including OCR, voice recognition, case management systems and interoperability • to support networking and alignment of approaches of different stakeholders involved in order to ensure a harmonised approach to address common or similar problems <p>SPO/PPO component :</p> <ul style="list-style-type: none"> • to review current work procedures/business processes/case management/caseload management and develop recommendations to improve the quality and effectiveness of case/ caseload management processes • to review the legislation and recommend adjustments in the line of allowing new methodologies for case/ caseload management • to review the current organisational structure of the Expert Information Centre and prepare recommendations for a more optimal organisation <p>CILC provides 10 experts: 10</p> <p>CILC staff for this project consists of: 5</p>
