Detailed description of project				Type and scope of services provided				
<p>The project builds on the long lasting and strong partnership with the Balitbang Diklat MA – Judicial Training Center (JTC) and aims to improve the permanent education and initial trainings offered along with the organisational capacity of JTC.</p> <p>Under this project JTC will be supported to realise its strategic plan (Renstra) which undertakes to expand e-learning (distance learning) so that it can deliver training to many regions and people in Indonesia. This way JTC will be able to reach out to dispersed and marginalised regions and cater for the huge number of judges in Indonesia for the best interest of all parties and the beneficiary.</p>				<p>Specifically the project will gear its support on the following aspects:</p> <ul style="list-style-type: none"> - Design and implement an assessment procedure for the initial training programme for judges to ensure that the education programmes delivers competent candidate - Provide guidance in the development and delivery of training needs assessment for all training delivered under continuous training programme - . Provide support in the modernization and enhancement of current training by means of earning and blended learning and certain topics based on the outcomes of the TNA, including jurisprudence - . Provide support in the expansion of the pool of trainers, selection of new trainers and training of trainers (ToT) with attention for gender diversity and with emphasis on the benefits of e-learning - Provide support in the optimalzation of the management information system and restructuring of the organisation <p>CILC provides 10 experts:</p> <p>CILC staff for this project consists of:</p>
